

Health Guarantee:

Radar Kennel offers a thirty **(30) month guarantee** on hips and eyes. The **OFA** and **CERF** rules are the determining factors of your puppy's hip and eye condition. We guarantee that your puppy's hips will have an **OFA** rating of **fair** or better when the dog is tested after 24 months. We guarantee that your dog will be free of retinal dysplasia for the first 30 months. This warranty only applies to congenital, hereditary defects. Injury to the dog voids this warranty. If your dog does not have a **clear CERF** and/or **OFA rating** of **FAIR, GOOD, or EXCELLENT** for the first 30 months, then we will replace it with a puppy of equal breeding. The **OFA** and/or **CERF** documentation and all registration papers must be provided to obtain a replacement pup.

Dogs 30 months and under are covered by this guarantee provided the owner has complied with the following stipulations:

1. The owner has provided Radar Kennel with a copy of the X-rays.
2. The dog is sterilized upon Radar Kennel approval and the owner submits proof in writing from a veterinarian.
3. The dog has not been used for breeding prior to any of the above mentioned items (Cerf.or OFA).
4. The dog has not been transferred and is still in the possession of the original owner.
5. All transportation expenses of said animal are the responsibility of the owner.

Failure to meet all the above criteria will void this guarantee.

This guarantee is not transferable if your dog is sold in the first 30 months.
